ECOTOURISM PROGRAMME IN THE EBRO DELTA "WATER LANDSCAPES"
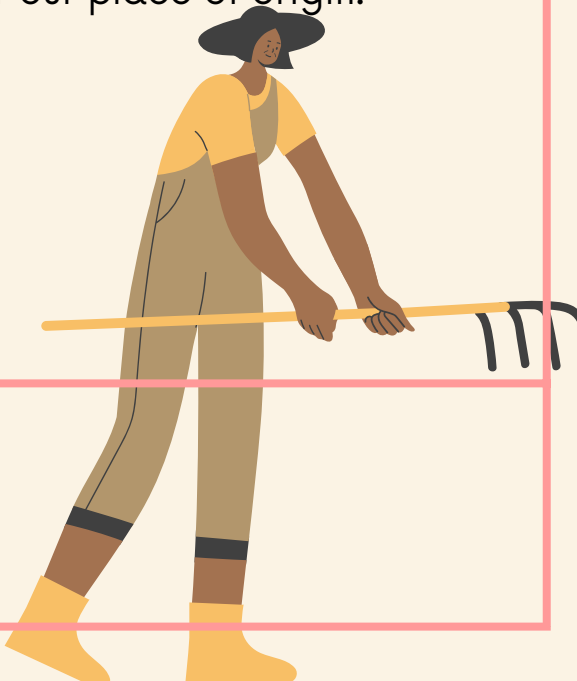

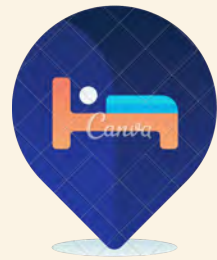

EBRO DELTA

The Ebro Delta, with its 320km2, is the most important wetland area in Catalonia. With its multiplicity of ecosystems and environments, it presents us with a unique and singular space of incomparable beauty.

ECOTOURISM PROGRAMME IN THE EBRO DELTA "LANDSCAPES OF WATER"

	DAY 1	DAY 2	DAY 3
MORNING	Departure from the place of origin. Travel to the Ebro Delta. Meeting with the guide at the **Casa de Fusta** of the PNDE	After breakfast at the **Hotel Can Batiste** we head to the port of La Ràpita. Route to the mussel farms by sea taxi from **Musclarium** to learn about mussel and oyster farming in the Ebro Delta. We will taste these treasures of the sea.	After breakfast at the **Hotel Can Batiste** we head north of the Delta to take an electric bike route. From **Deltacleta** we will be guided to discover the Fangar Bay and the Illa de Mar green filter.
MIDDAY	Lunch at **Restaurant Hotel Algadir**	Lunch at **Musclarium**	Lunch at **Restaurant Delta Hotel**
AFTERNOON	We will sail among poems through the Bay of Alfaques in a kayak with **Poetry, surfing and kayaking**	After lunch we will go to the **Mon Natura Delta** Salt Interpretation Centre to discover how salt is cultivated and to meet the birds that live in the Tancada lagoon. After the visit we will end with the sunset at Trabucador Beach to watch the sunset.	After eating we left for our place of origin.
EVENING	Arrival at **Hotel Can Batiste**. Check-in, accommodation, dinner and overnight stay.	End of the excursion. Return to the **Hotel Can Batiste**. Dinner and accommodation.
